

EXPRESS COURSE FOR TARGETED TB TESTING

Thursday, September 14th, 2017 12:30 to 4:30 PM

**Department of Health in Manatee County
Conference Room A & B**

410 6th Avenue East, Bradenton, Florida 34208

This is an express course designed for health care workers to provide the knowledge and skills necessary to properly assess risk factors for TB, and then successfully administer, read, and interpret the tuberculin skin test based on the risk factors identified. This course also includes a general overview of Interferon Gamma Release Assays and special considerations for tuberculin testing. 4 Continuing Education credits are available for this course. Please contact Sherrie Arnwine at (850) 491-9147 for additional information.
