### Workshop Description:

Pasco County Emergency Management will be hosting a one-day Active Shooter Expectations Workshop to help enhance the awareness of, and expectations to, an active shooter event. The goal of this workshop is to:

- Describe common behavior, conditions, and situations associated with active shooters
- Educate participants on the expectations of primary response agency(ies) to active shooter events
- Foster communication between key stakeholders and local emergency response teams. This workshop includes discussions of interoperability, communications protocols, and best practices for planning assumptions, preparedness, and response.

### Who Should Participate?

This event is open to:

- Key stakeholders from the private and public sectors
- Supervisory first responders
- Human resource managers
- Community response officials
- Homeland security representatives

For this event we strongly recommend that personnel that have decision making authority
