“Excellent workshop. I liked the discussion format and the simple, clear language used in the workshop. I now understand more about emergency management.”

- Bootcamp participant 2018

Join us for an intensive hands-on disaster preparedness bootcamp for smaller community healthcare facilities and for those who provide outpatient services. With the guidance of Americares emergency preparedness specialist, develop disaster planning documents specific to your facilities / agency that will enhance existing plans. It is recommended that at least 3 individuals from your agency / facility participate in this workshop together.

Topics covered include

- Emergency Program Management
- Communications and notifications
- Essential services and staffing
- Resource management
- Partnership management
